

NEUROSCIENCES

CellRake: a Python package for analyzing cells in fluorescent images.

Marc Canela Grimau

Neural correlates of training-dependent adaptation to unilateral conductive hearing loss in the inferior colliculus of the ferret.

Ana Isabel Sánchez Jiménez

Cooperative action of interneuron classes supports the hippocampal spatial code.

Pablo Abad Pérez

Sala Charles Darwin
PRBB
03.02.2025
10:00h

Hosted by:
Neurosciences
